Cornelius Scholarship, and The Ohio State University College of Nursing 2022 Advanced

Practice Nursing: Adult Gerontology Clinical Nurse Specialist Academic Award. Reasons for seeking office: To become an integral part of The Mid-Ohio District's advocacy for advancing professional nursing within our community. As nurses, we have many professional organizations to become involved with throughout our careers, but what better organization to become involved in, than the one that directly effects my daily profession. I believe nursing professionalism begins within us, and only then, can we impact those in our community, through professional concerns of nursing, education- both our communities and our own, and health legislation. I am asking to serve as your advocate to impact our profession.

Treasurer (Vote for 1)

Robert Bowers -- Area of Practice/Professional Experience Telemetry Cardiac Care Informatics Present Position Travel nursing clinical out-patient MODNA Participation Legislative Ambassador Membership Retention Committee member Reason For Seeking Office I am at a point in my career where I can devote time and energy to my professional organization. My experiences serving as an officer are diverse ranging from leadership to functionary roles. MODNA is an organization which I believe in its mission to represent nurses throughout central Ohio as professionals, and especially now. Issues affecting nurses in these times of pandemic, political and social unrest, economic upheaval, and workplace inequity need to be continually addressed by our organization.

Richard (Rick) Lucas, BSN, RN, OCN, VA-BC, CCRN -- Area of Practice/Professional Experience: Fairfield Medical Center - ICU 2002-2007, PICC team 2007-2011, American Mobil Nursing travel assignment - OSUWMC Ross Heart, Hospital/University Hospital MICU 2011-2013. Present Position: OSUWMC STAT Nurse. MODNA Participation: Member since 2013, ONA Convention Delegate 2017, 2019, Current MODNA Board President, ONA E&GW Commission.

Reason For Seeking Office: As President of the OSUNO, I have been exposed to all levels of the Ohio Nurses Association. I have had the opportunity to serve as a delegate to the 2017 and 2019 ONA Conventions. I was moved by the rally of support at the 2017 Convention to save districts in the efforts to restructure

ONA. I believe districts need to be maintained to preserve the members voice in the organization. ONA derives its power from its members and must remain a member driven organization. It is; however, clear things need to change. Much work needs to be done to restructure districts to support many of the smaller districts and to increase engagement with the professional collective bargaining members of ONA. I would appreciate the opportunity to continue serving as MODNA Treasurer and help lead the change!
